YOU WANT AN EDITORIAL WEDDING

Without months of planning, decision fatigue, or endless vendor emails.

- You value design and atmosphere
- You prefer smaller, intimate weddings
- You're less on formality and more on experience
- You know what looks good
- You want to enjoy the day, not manage it

If this resonates, you're exactly who we designed this for.

WE DON'T DO TRADITIONAL WEDDINGS

... so you can still have it all on your wedding year

We bring together an exceptional creative team, to create an intimate, all-inclusive wedding experience. By sharing core elements such as styling, florals, and venue hire across a limited number of couples, we're able to offer an elevated level of design and execution that would otherwise come with a far higher price point.

Every detail is intentionally planned and seamlessly orchestrated for you. Each couple is allocated a dedicated ceremony window and guided guest experience, allowing the day to unfold with ease and intention — leaving you free to arrive, be present, and enjoy.

ROMANCE

ONE DAY, ONE STYLE

...the limited edition wedding

Each wedding style is produced only once. We believe every wedding should feel unique, so we don't repeat the same aesthetic again and again for hundreds of couples. If you love a particular style, we recommend securing it quickly.

If you're the first couple to book a style, you'll set the wedding date for that edition. For styles that already have a confirmed date, you can simply choose your preferred timeslot. Each style is available to just five couples, ranging from intimate elopements to micro-weddings of up to 40 guests.

THE SETTING

ROMANCE

HINTERLAND CEREMONY

Set across long, lush lawns, this venue offers a rare sense of space and flexibility. The grounds feel expansive yet intimate, with a natural flow that allows each part of the day to unfold in its own moment. From ceremony, to cocktails, to long-table dining.

One of the strengths of this venue is its versatility. There are multiple areas that can be styled differently depending on the aesthetic chosen, allowing each wedding to feel distinct while still grounded in the same beautiful location. It never feels repetitive, even across multiple celebrations.

Importantly, the venue also offers a considered wet-weather option, ensuring the day remains cohesive and elegant regardless of conditions. No last-minute compromises, no loss of atmosphere.

In short, it's a setting that feels calm, assured, and timeless. A perfect canvas for every A Modern Romance wedding style.

YOUR RECEPTION

You're invited to choose from any of Byron Bay's standout restaurants and venues, with guidance from us on what works best for your group size, style, and the overall flow of the day. Some of our favourites include:

- Frida's Field
- Beach Byron Bay
- The Hut
- Ember
- The Loft
- Three Blue Ducks
- Oyster Bar Byron Bay

Wherever you dine, the experience will feel unmistakably yours. Your table will be styled with considered florals, and thoughtful details, ensuring the dining setting feels just as special and cohesive as the ceremony itself.

Many of our preferred venues offer private or semi-private dining spaces, which can be reserved exclusively for your group for an additional fee. This allows for an intimate, uninterrupted celebration while still enjoying the energy and excellence of Byron's best hospitality spaces.

ON-SITE DINING RECEPTION

For couples who choose the 4pm ceremony time, there is also the option to host the entire day at the same venue. In this case, your ceremony, cocktails, and dining all take place in one location.
